

AVIM

PRODUCT FAMILY
SPACE FIBER OPTIC CONNECTOR

INTRODUCTION OF THE NEW AVIM FAMILY

After 25 years, the Diamond AVIM connector is joining forces with new AVIM products to become the **AVIM Family**, which will be released officially later this month. Designed and developed for aerospace applications that require high optical performance, coupled with vibration and shock enhanced resistance.

The new **AVIM Family** is comprised of the following products:

In addition, all of the AVIM mating adapters and accessories, such as hybrid mating adapters, Interface Modules (IMOD) or multipurpose adapter systems (MAS) are now part of the **AVIM Family**.

A new **AVIM Family** datasheet will be released in early May. The new datasheet will contain details of all connector variations within the **AVIM Family** as well as, the tools, inspection procedures, and accessories related to them.

Please contact us if you would like to receive the **AVIM Family** datasheet or visit our website for more information.
